## What PostCalls Users Are Saying...

"...we definitely see an increase in our website traffic when we send a ministry update to our partners."

G.M.

"By using PostCalls we were able to contact all of our trash customers concerning route changes, and holiday schedule notices in-house; at only 10 to 20% of the normal cost."

E.C.

"With PostCalls the Winston Cup drivers can speak personally to the fans about upcoming events. "The professionalism of the staff, the quick turnaround time, and the effectiveness of the calling agent itself contributed to a successful promotion for North Carolina Speedway."

C.B.

"I am in a Direct Sales company and use PostCalls to make reminder calls to guests the day before the show. I remind them of the time, of the current special and suggest if they cannot attend to visit my website to view products and place orders."

My hosts love the fact that I've saved them so much time on the phone and the results are incredible: Higher attendance, more guests bringing friends, and more outside orders from those who cannot attend."

S.C.
